

WAIMATE CENTENNIAL SCHOOL

1st June 2017

NEW STUDENT: Erin Wood

Erin has had an incredible start at Centennial because she has met some nice new friends. Erica and MacKenzie have been really kind to Erin by playing and working with her in class. They have been helping her out with problem solving in maths. The other thing Erin likes about Centennial is the really big playground and the slide, she didn't have a slide at her last school.

MATHS PROBLEM

When two numbers are called out Jason adds them and Rachel multiplies them. If Jason's answer is 10 and Rachel's is 16, what are the two numbers?

At the moment not many students are choosing to complete the maths problem and place their answers on the return slip for the newsletter. I want to encourage you to have a talk to your child to see if they can work out the problem. You can help them while they still do the thinking about all the parts of the problem. I look forward to getting more answers. Good Luck

SAUSAGE SIZZLES

Helpers required to manage the sausage sizzle on a Fridays

We have a sausage sizzle each week where students can bring along \$2 and have a sausage and bread with tomato sauce for lunch. This happens through terms two and three. The reason for this fundraiser is to pay for the buses we use each week to get us to kiwisport. At the moment the money raised goes a long way to paying for the transport. We require parent help to organise the sausage sizzle each Friday. Either a small team of people to take control of the event or one or two parents could offer to help when it is their child's class's turn.

CHILDRENS ASSEMBLY

Auditions are this week and we are all excited about the assembly when the students will share their performances with the whole school. We invite you all to come along and watch this show as it is really a great event on our calendar. Assembly will begin at 2pm this week.

HEALTH MEETING FEEDBACK

Last week the teachers provided presentations to a group of parents who were interested in how we manage our health curriculum. Teachers were able to let parents know how the students are exposed to health both in and out of class through the year. The feedback I had from parents who were there was that they didn't understand that health was such a broad curriculum area and that they now felt they know how teachers were delivering this important teaching and learning.

SURVEY RESULTS

You have told us that the newsletter, our face book page and the parent teacher calendar app are successful ways for you to find out information about our school. You want to respond through online surveys or paper surveys when we ask for your opinion.

7th June
- Matariki Celebration
23rd June
- Jump Jam Extravaganza
28th June
- Senior Student Led
Conferences 4-5th July

Health Team members
helping with our orchard
planting.

CROSS COUNTRY

Cross country training has gone well and everyone participated on Tuesday. The students trained hard and I wish to congratulate all students who have trained to the best of their ability and have succeeded in reaching personal bests along the way. Thank you to those parents who helped with transport. We appreciate the support you have given your child and the others that competed so well on Tuesday afternoon. To those children who are going on to the Districts and perhaps the South Canterbury event we wish you the best of luck.

DISTRICT CROSS COUNTRY

Next week some of our students will attend the district cross country. We have been offered the chance to run the BBQ fundraiser at the district event. **We require some parents to help out. If there is anyone who would like to manage the BBQ on the day of the district cross country please contact me.** Many thanks

FIDGET SPINNERS

There is a new craze in the world and Waimate is catching on as quickly as anywhere. Fidget Spinners are a fun toy that children are bringing along to school in increasing numbers. Unfortunately we cannot guarantee the safety of these toys while they are at school. We will be telling children to take them home rather than risk loss or damage to favourite toys.

MINI BALL RAFFLE RESULTS

On Friday the 19th May our Year 5 & 6 Mini ball teams sold raffles. Thank you to the parents who helped sell the raffle on the day. The funds raised from the raffles are being used to subsidise the cost of hiring the Events Centre for the teams combined practices. As we managed to sell three raffles, we raised extra funds which will go towards purchasing new uniforms for all the Mini ball teams next year. Special thank you to the Waimate Community who generously supported us. Congratulations to our winners. Raffle One, \$100 note Winning number 81 - J Young. Raffle two, New World Voucher Winning number - 78 Colleen. Raffle three \$100 note Winning number 15 - F Fox.

Music lessons

We have a music teacher coming to Centennial to teach music. If you would like your child to have music lessons at school please let me know

Waimate High School Senior "A" Movie Fundraiser

Cars 3, to be screened at the Regent Theatre Waimate, June 25th. Tickets are \$12, every ticket gains automatic entry into a \$100 note draw. Contact Andrea Soper or Kellie Tagaia at the High School for tickets.

Return slip:

Maths problem: The numbers _____ when added equal 10 and multiplied equal 16

Please Return: I have received and read this newsletter () (tick)

Family name _____

STANDING TALL
