

WAIMATE CENTENNIAL SCHOOL

15th June 2017

NEW STUDENT: Mayah Peters

Welcome to Centennial Mayah. We hope you enjoy coming along each day. Mayah has told me how much she likes reading. I watched her read a book to me today and she is using the pictures very well. Mayah loves to read "Almo" books to her sister Molly at home. Mayah tells me Aaliyah Tagiaia is a friend of hers and sometimes they go to the library at lunch times. Mayah said she doesn't like to go outside in the cold so the Library is a great place to stay warm and read books to each other.

MATHS PROBLEM

Hayden, Ian, Josh and Karam played basketball and scored 8, 14, 16, and 18 points in some order. Ian scored twice as many as Karam and Hayden scored more points than Josh. How many points did Josh score?

CROSS COUNTRY

Cross country training has gone well this year. The District race day last week was a very successful day for Centennial and you can see the names of those who got placed below. This week we are sending a group of runners to the South Canterbury schools Cross Country at Waihi. This is a more challenging opportunity for our students. This fits in well with our philosophy of giving students experiences which extend them in areas of strength. I would like to congratulate those students who have managed to get to this level and wish them well for their races.

Thank you to a small group of parents who came along to the District Cross Country to run the BBQ. These folk ran out of sausages and after restocking they still managed to sell everything we had. The group made close to \$500. Thank you Candice and Dan Nichol, John Mehrtens, Sophie Pankhurst, Angela Farrell and Megan Holland.

MATARIKI CELEBRATIONS

Next Friday 23rd June Centennial School will walk to the High School to support our Kapahaka group and enjoy the Matariki celebrations. Students will watch the performance and then be offered lunch at Main School from a Hangi. Centennial School is set to perform at 11:25 if you wish to join us for the event. I would like to thank Pania Taupo and Rochelle MacMillan for all the hard work they are putting into the group and I am sure they will have a lot of fun performing for us.

PRIMARY RESEARCH PROJECT RESULTS

This year we have looked at a number of ways of extending students who show higher achievement or a passion in a subject. We have had problem solving, General Knowledge and Reading activities so far and are looking at an English opportunity before the end of this term. I have found that the students who are given these opportunities gain confidence from the experience. We have a set of certificates for the group of students working on the Primary Research Competition that will be awarded this week. These students have completed this competition this year and we are pleased with the way they have performed. I look forward to sharing with you how these students continue to progress this year.

CROSSING GUARDS

Just a reminder, we have our year 6 children monitoring and keeping us safe at the crossings after school. It would be appreciated if parents could help re-enforce safety at this busy time of the day by using these crossings.

If you send a yoghurt or anything else that requires a spoon to be eaten could you please send one along as we don't have an endless supply of teaspoons. Thank you
